

Town of Ajax Public Art

Title: A Community Connected

Artist: Corrin Smithson

Location:

St. Francis Centre
78 Church St. S.
Ajax ON L1S 6B3

Description:

Dance, music, drama, and celebration merge together through representational and abstract techniques to illustrate a vibrant and unified community. The piece was chosen from a number of submissions for the opening of the facility in 2011 and has been installed in the crush lobby, situated between 2 framed reclaimed stain glass windows. The work mimics the St. Francis Centre's juxtaposition of historical and modern architectural styles by absorbing some of the building's historical elements into this modern painting. Featured in the piece are images of a violinist, a dancer, a married couple, and a dramatic actress.
