

Town of Ajax Public Art

Title: Communitree

Artist: Geordie Lishman

Location:

Shell Station
South East corner of Taunton Rd and Salem Rd.

Description:

Commissioned as part of the Shell Station site plan in 2012, this sculpture represents the progression of Ajax from its industrial roots and rich natural heritage, to a culturally diverse and healthy community. The tree represents growth. Faces of various cultural backgrounds and ethnicities grow from the trunk reflecting our diverse community, while youthful faces predict a promising future. The windswept limbs symbolize our resilience while the blossoms signify the prosperity and beauty of our community.
